FROM

THE HUZUR SECRETARY

TO HIS HIGHNESS THE MAHARAJA OF MYSORE.

GEN. & REV. SECRETARY

D 2261

To

T. E. Jayarama Iyer, Esq., B.A., B.L., 443-21-1
Secretary to the Government of Mysore,
Revenue Department, Bangalore.

Sir,

I have the honor to state that several improvements and repair works relating to the Muzrai Institutions under Palace management have been carried out from time to time since the year 1913-1914 through the Palace Maramath department and the cost thereof has been ordered to be debited to the savings available at the credit of the -- several institutions. Though many of these works had been carried out long ago, the necessary adjustment of the cost thereof from Palace to ^{the} Muzrai Institutions concerned had not been made owing to the non-submission of completion reports, confusion in the accounts and similar causes. The amounts have, however, been paid in the first instance by the Palace and shown in the Palace accounts as advance against the Muzrai Institutions concerned.

As the figure under advance was very large, a special staff of accountants has been scrutinizing the amount debited to this head of accounts. As a result of close investigation, it has been found that a sum of Rs 42,627-7-0 (Rupees forty two thousand six hundred and twenty seven and annas seven only) being the value of several improvements and repair works done to the

institutions and ordered to be debited to Muzrai funds has to be recovered and credited to Palace in recoupment of the amount already paid. The enclosed statement gives complete details about the nature of the work and the cost thereof. As it is not desirable to burden the accounts any longer with these accounts, it has been ordered here that the amount referred to in para two above, be debited to the aggregate savings available at the credit of the Muzrai Institutions under the Palace Management and that the amount should be drawn and credited to Palace before the end of the current official year.

In this connection, I may add that the savings available at the credit of the several Institutions under Palace Management for adjustment as per books of the Government Comptroller will suffice for the recoupment of the amount in question.

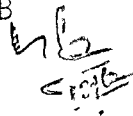

I have the honor to be,

S i r,

Your most obedient servant,

For Huzur Secretary.
